Dear Anthony,

I want to take this opportunity to thank you sincerely for your keynote presentation at our annual convention in Boston, June 15. Your message was upbeat, challenging, humorous and moving – it was amazing how you were able to blend such positive audience interaction and powerful content without coming off as maudlin or forced. Our convention attendees were all professionals in long-term care, and your message impacted them in a relevant and transformative way. Our goal was to send them away from this convention excited about changing the experience and the perception of aging...and your keynote helped propel them to that very goal.

It means so much to us that you were able to fit this convention into your schedule. Taking the time to invest in this group of leaders will create a return to you and to many elders and their families.

We look forward to working with you in the future. I would heartily recommend you to any group who wants to be challenged, informed, motivated...and moved forward fast!

Sincerely,

Don Martin
